

Teacher Development Series: Elementary

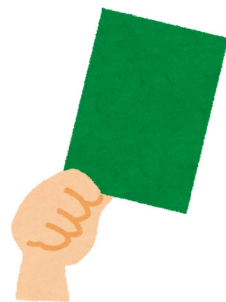

SESSION 4

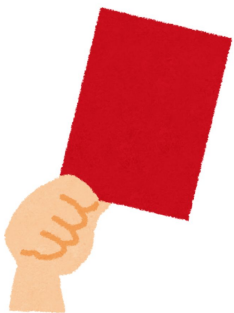

FAITH IN PRACTICE

Red Card, Green Card

We are not in the business of schooling but
in the business of forming lives in the light
of the narrative of the gospel.

“

The mouth speaks of
the overflow of the
heart.

Matthew 12:34b

”

“Keep your heart with
all vigilance, for from it
flow the springs of
life.

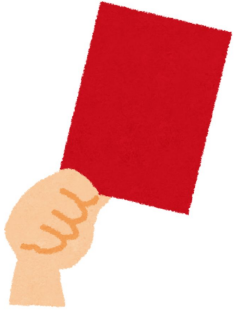

Proverbs 4:23

”

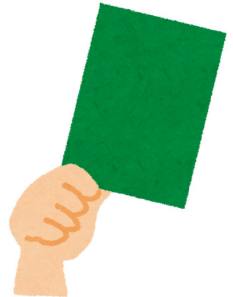

RED CARD / GREEN CARD

Biblical worldview immersion is less about how you weave a scripture into your lesson planning and more about the environment you create in your classroom.

Biblical worldview immersion is less about how you weave scripture into your lesson planning and more about the environment you create in your classroom.

Biblical worldview immersion is less about how you weave a scripture into your lesson planning and more about the environment you create in your classroom.

Roger Erdvig

RED CARD / GREEN CARD

Biblical worldview immersion is less about how you weave a scripture into your lesson planning and more about the environment you create in your classroom.

Roger Erdvig

THINK ABOUT IT

How does your FAITH impact your classroom practices with your students?

THINK ABOUT IT

How does your FAITH impact your classroom practices with your students?

Do you students know your testimony?

Do you share with them what you're learning together?

Are you an example of spiritual disciplines to them?

Are you confident in your theology? Can you explain biblical passages to you kids?

What do you believe about grace? Discipline??

The image bearing status of your students?

What do you believe about cultural hot topics?

TALK ABOUT IT

Create a portrait of a biblically immersed learning experience for your students. What does it look like? What does it feel like to your students? What are the spoken and unspoken values.

**CASE
STUDY:**
A difficult
concept /
lesson

Paint a picture of a classroom scenario for implementing immersion.

CASE STUDY: The Lunchroom

Gender identity

The Teacher, the Apologist
